

# PIXEL V BAR 110

LEDs

## Specifications:

|                            |                              |
|----------------------------|------------------------------|
| <b>Quantity(PCS/unit)</b>  | 48                           |
| <b>Max. Power (W)</b>      | 11.5W                        |
| <b>Dimension(mm)</b>       | 1000×38×58                   |
| <b>Light Resource</b>      | SMD5050                      |
| <b>Pixel Quantity</b>      | 8                            |
| <b>Light flux (LM)</b>     | 153LM                        |
| <b>Color</b>               | Full Color RGB               |
| <b>Input Voltage</b>       | DC24V                        |
| <b>Beam Angle</b>          | 140°                         |
| <b>Crust Material</b>      | Polycarbonate+Aluminum alloy |
| <b>Crust Color</b>         | Transparency                 |
| <b>Isolating Grade</b>     | CLASSEII                     |
| <b>Protection Level</b>    | IP65                         |
| <b>Working Temperature</b> | -30~60°C                     |
| <b>Life span</b>           | >100,000 hours               |
| <b>Control Mode</b>        | SD Card Control System       |
